## INTRODUCTION

Over the last 22 years, Crystal Arc has cemented itself as an industry leader in the field of custom manufacturing of premium crystalware and awards.

Going from strength to strength, the company manufactures from their state of the art, 150,000sqft production facility in the heart of the industrial area of Dubai. Utilising the latest technologies and highly secretive processes, Crystal Arc is one of the world's only manufacturers of casted crystal panels.

Each panel is made through 18 meticulous stages that results in the highest quality of crystal casting in the world. These panels are used as masterpieces in a range of applications throughout homes, hotels, restaurants and offices. The

panels stand out not only because of the beauty in the art form itself, but also because of the functional nature of the panels itself.

With every production process done in-house, Crystal Arc commands the ultimate control on customization and design allowing the organisation to cater exactly to the needs of the world's most premium clients.

Crystal Arc invites you to join us on the magical journey of casting crystal in the Middle East together for your project.
